

Comment on Rules

William.Black@cityofmesa.org

8/1/08

Martha,

I have read through the draft and would offer the following comment.

R-1813-600 (7b) The Community Recycle bins are not part of the requirements for Best Management Practices which I'm ok with. In my opinion it was clarified better in the draft of "Facilities not subject to Solid Waste Rules" that was sent out on May 28th from Amanda Stone. If this document could be incorporated into the rules it would help to clear up some of the confusion concerning what is subject to the rules.
